Dear Shri Subramanian Swamy,

Our attention has been drawn to your purported press conference of the afternoon of 1 November 2012. The allegations made by you are utterly false, entirely baseless and defamatory. Your action of calling a press conference is a motivated attempt for reasons which one can easily discern.

We are committed to pursuing all legal actions against the scandalous abuse evident in your so called "press conference". Please be informed that we shall pursue the legal remedies open to us against the utterly motivated and irresponsible contents of your press conference and that we shall pursue all proceedings that are available in law to ensure that an individual like you and an organization like yours do not abuse the freedom to speak and write in utter violation of the equally important need in a civilized Society to maintain the dignity of individuals and organizations and to abide by the law of the country.

Sincerely,

S. Ramakrishnan
