

Dear Shri Arvind Kejriwal Ji,

Greetings,

After taking everything into consideration, I have decided to resign from Aam adami Party.

I was part of a movement that is 'India Against Corruption' the movement so ably led by Anna and was a movement against corruption prevailing in the society (as opposed to specific political parties). As a proud soldier with stints served in Kashmir, United nations & Rashtrapati Bhawan, I thought AAP is a great opportunity to serve the country through political means as well. That's why I fought Loksabha election from Sikar, Rajasthan; as AAP candidate.

I joined AAP for its transparency, honesty and democratic values. There were many other leaders but I supported you believing that it will be a great start to clean politics and bring positive changes in country. However, the events in the last a couple of days have led me to believe that the party is now straying from its original ethos & objectives and therefore in conflict with morals and values that I hold dear.

Yesterday, many news channels spoke about Okhla's AAP candidate Amanatullah Khan. He was supporting Delhi & Ahmadabad bomb blasts accused Indian Mujahiddin front men Zia-ur-Rahman. He is facing charges under 10-11 IPC sections. As a soldier of the country who served in Jammu & Kashmir and fought against terrorists, seen my seniors, colleagues and junior laying their life for country, I absolutely, and without a second thought, refuse to support a person, organisation, party or ideology that is compromising with country's security. I am sure you would be fully aware, yet you decided to give ticket to the person in question.

Moreover, yesterday a few former AAP members revealed that donations were accepted from fake/bogus companies that too of tunes of 50 lakhs. The party is denying the charges but it is in public space now and Being an income tax officer and party chief, how can you not be aware of this fraud. Shocking! And extremely sad...unbelievable, but the truth is in front of the whole nation.

Dear Sir, I cannot be part of a movement, which is compromising with national security, and based on dishonest/illegal funding.

I wish you good health.

Jai Hind- Jai Bharat
